EDUCATION

INSTITUTE OF TECHNOLOGY GURU GHASIDAS VISHWAVIDYALAYA
B.TECH in Information Technology
Grad. April 2024 | CGPA:9.11

SKILLS

PROGRAMMING
C++, JavaScript

CONCEPTS
Data Structures & Algorithms, Object-Oriented Programming

WEB TECHNOLOGIES
ReactJS,NodeJs, HTML, CSS, Bootstrap
Tailwind CSS, Rest-API

DATABASES
MySQL, Firebase

TOOLS & IDES
Visual Studio Code, PyCharm

VERSION CONTROL
GitHub, Git

COURSEWORK

Mastering Data Structures & Algorithm
Database Management System
Web Development
Machine Learning

EXPERIENCE

MATCH COLAB PTE LTD | Software Developer
June 2024 – Present | Remote, India

- Developing and maintaining applications with Phoenix LiveView and Elixir, enhancing frontend functionality and user experience.
- Improving problem-solving skills through hands-on work with modern software technologies and real-world challenges.

MYRAA TECHNOLOGIES | Full Stack Engineering Intern
May 2023 – July 2023 | Remote, India

- Developed engaging frontend application portals across across sustainability, finance, and healthcare domains.
- Empowered users through interactive features and predictive models powered by machine learning, streamlining decision-making.

TECHCURATORS | DSA Problem Setter
Aug 2023 – Jan 2024 | Remote, India

- Crafted 20+ DSA & OOP, and 20+ C++ coding challenges.
- Developed and curated diverse coding challenges, promoting effective problem-solving skills.

PROJECTS

EMPLOYEE HUB | ReactJS, NodeJs, MySQL • Project Link

- Implemented efficient CRUD operations for seamless employee data handling, ensuring data integrity and easy management.
- Designed a fully responsive user interface, enhancing accessibility and user experience across various devices.

PORTFOLIO WEBSITE | ReactJs, Tailwind, EmailJs • Project Link

- Inventive animations and a user-friendly design create a unique and engaging experience.
- The website features a fully functional email form that uses EmailJS.

NOTEAPP | ReactJS, Firebase, CSS • Project Link

- Developed a feature-rich note-taking application, powered by user authentication and Firebase's Realtime Database.

AWARDS

2024	Finalist	**Strategy Track** Hackathon
2024	Top 300 out of 68k	**Unstop Talent Park - Tech** Hackathon
2022	2nd position	**Code-Mania** by Equilibrio 22, GGU

EXTRACURRICULAR

- **Led a Competitive Programming** team of 10 in the GFG student chapter, organized successful CP/DSA sessions, and mentored juniors to enhance skills. [2022-2023].
- **Member** of CodeChef ITGGV Chapter CP team, developed problem-solving skills.
